BOG DEFECT REPORT AS AT 6th FEB. 2023

URL: https://bog-project.netlify.app/

Dear KAREEM & GODSWILL please find below the defects found on BOG and fix accordingly.
Thanks!!!

QA: Daniel

- ID: 001

- Scenario: User Dashboard, Service and Product Partner

- URL: https://screenbud.com/shot/08c0f2b2-ef11-4b75-b174-435827347e38

- ISSUE: No file name to ensure and know file uploaded on KYC Document upload.

- FIXES: File name should be displayed immediately you upload to enable user user know which field he has uploaded.

- Priority: Low
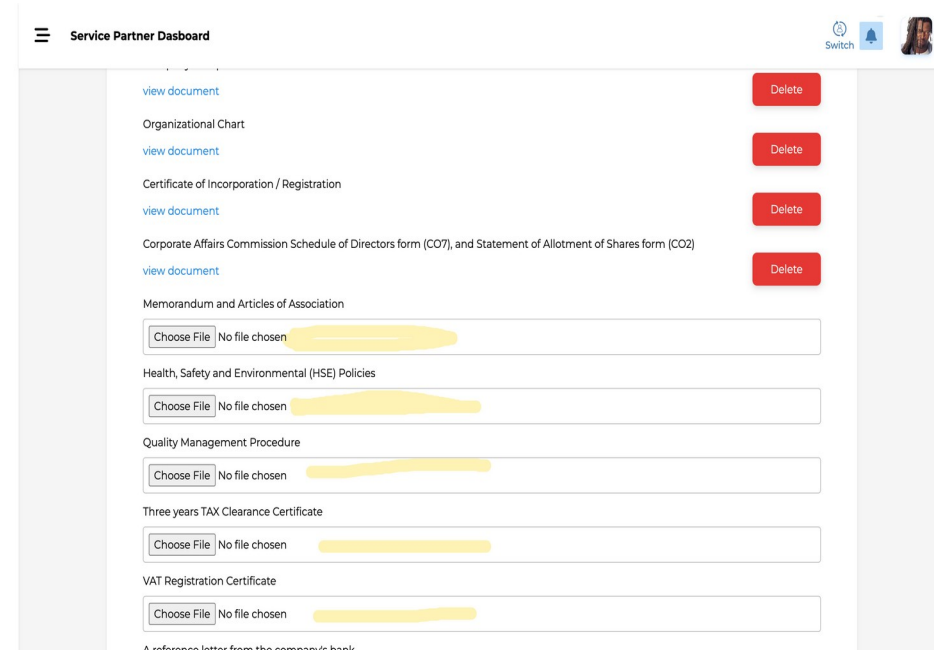

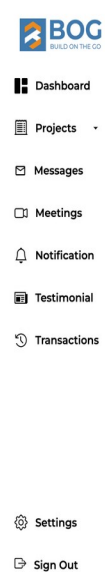

Remark: Done

- ID: 002

- Scenario: User Dashboard

{"success":false,"message":"Route not found"}

- URL: https://bog-project.netlify.app/dashboard/subscription

- ISSUE: Print is not working after making payment, it print ...route not found.

- FIXES: System should print the receipt.

- Priority: Low

Remark: Done

- ID: 003

- Scenario: User Dashboard, Service Partner

- URL: https://bog-project.netlify.app/dashboard

- ISSUE: No notification to the Service partner after ordering and making payment. It displays "something Went Wrong Please Contact Administrator" on click Notification menu at the side bar.

- FIXES: There should be a notification after order.

- Priority: Low
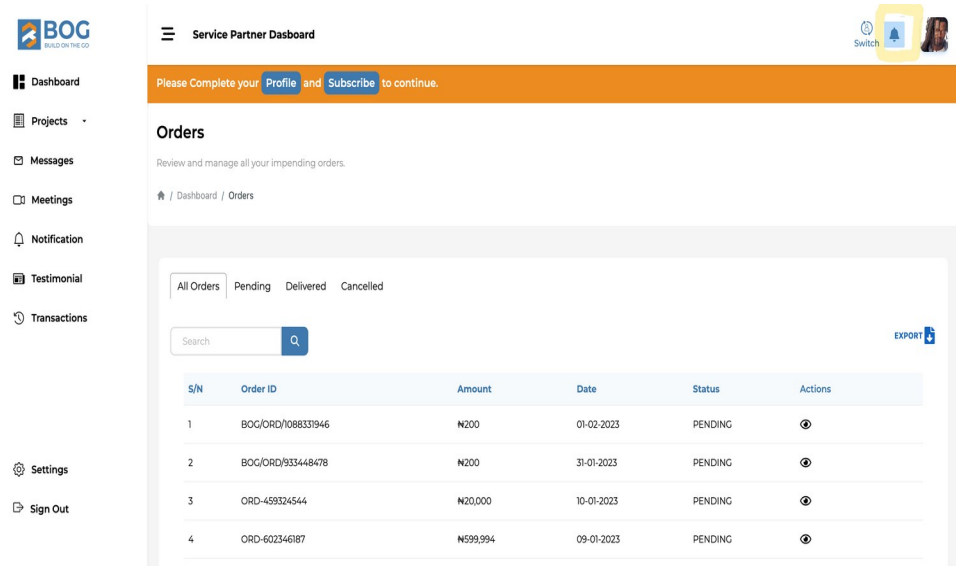

Remark: Not Done

- ID: 004

- Scenario: User Dashboard, Service & Product Partner

- URL: https://bog-project.netlify.app/dashboard

- ISSUE: Replace the bar with pop-up window covering the screen with message to fill KYC and Subscribe to have full access/control of the services on the App

- FIXES: The bar for Profile and Subscribe should be replace with a Pop-window that will display if and only if the person has not done so completed KYC and remains until user (Partner) completes KYC which will give him access to some functionalities like order for product, settings, etc but can not Add Product for service Partner or be assigned a Project for service partner.
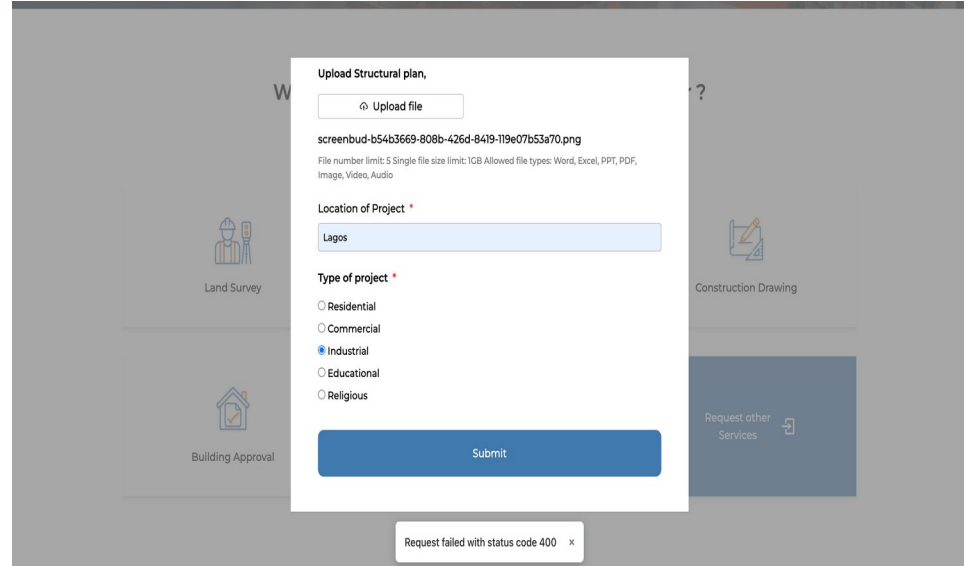

- Priority: Medium
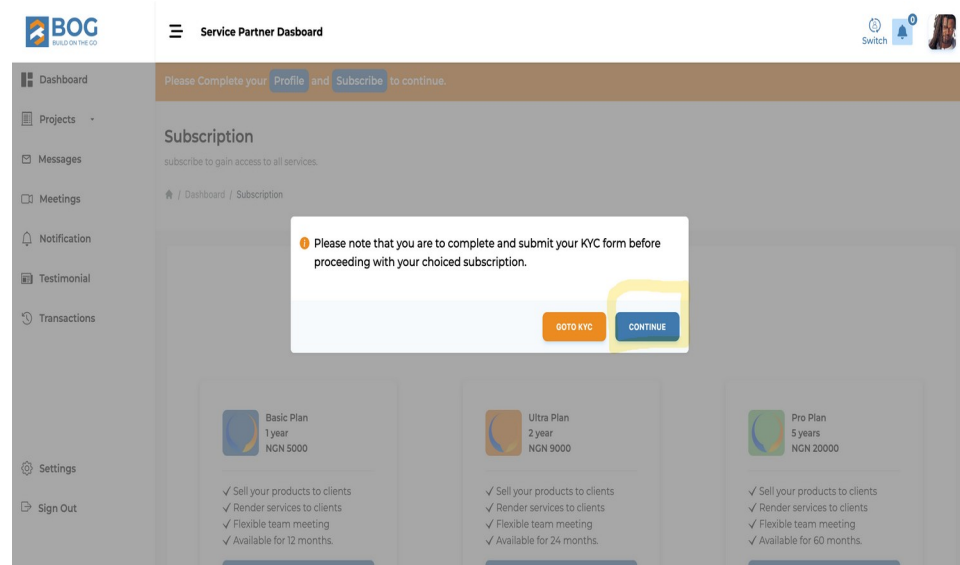

Remark: Done

- ID: 005

- Scenario: User Dashboard, Service & Product Partner

- URL: https://bog-project.netlify.app/login

- ISSUE: Sign up not sending Verification link. I used these below emails:

  xokabe1594@fsouda.com

  hilag65945@ekcsoft.com

- FIXES: Please fix this, user should receive verification email immediately.

- Priority: High
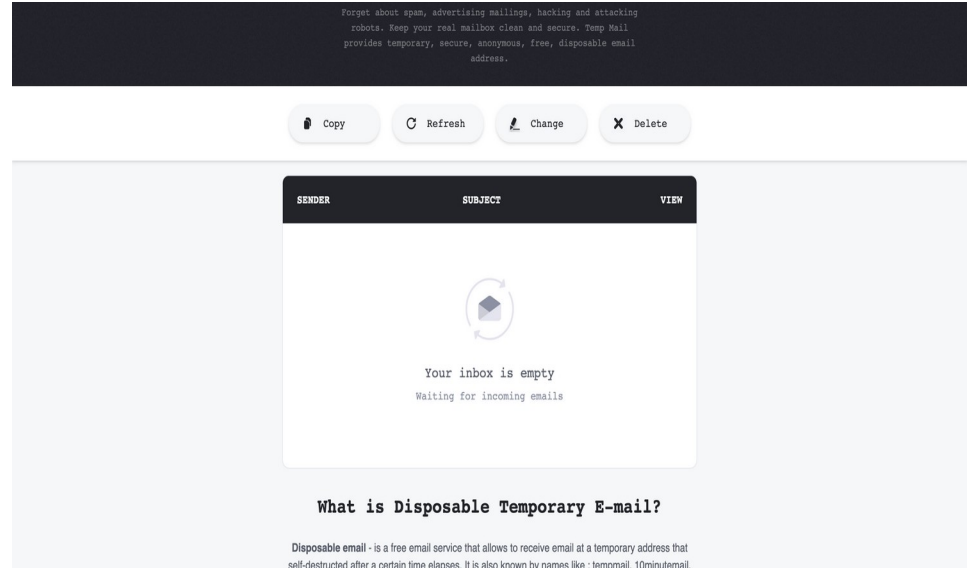

Remark: Done
